DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 8-15, and 17-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-3 were allowed in the previous Office Action (mail date 14 September 2006) and are allowed for the reasons given therein.

In regard to claim 8, Applicant's arguments are persuasive. Specifically, Butcher does not disclose, "calculating a numerical average value" because the circuit disclosed by Butcher is an analog filtering circuit. There is no "calculating" being performed in the circuit disclosed by Butcher. Thus, absent a teaching or suggestion of an "average calculating portion", claim 8 is allowable.

In regard to claim 10, Applicant's arguments are persuasive. Specifically, Applicant's arguments indicate that the term "over a threshold" is meant to indicate that the threshold is exceeded. Therefore, though a literal reading of Wiatrowski discloses counting a number of times that a measurement is "over" a lower threshold (that is, less than the threshold, but "over" the threshold in the sense that the measurement is above the lower threshold), Wiatrowski does not disclose counting the number of times a threshold is exceeded. Given this interpretation of "over a threshold", Wiatrowski only teaches counting when a measurement is "under a threshold". Thus, claim 10 is allowable.

Claim 17 includes "an average calculating portion" similar to claim 8 and is allowable for the same reasons as claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian L. Albertalli whose telephone number is (571) 272-7616. The examiner can normally be reached on Mon - Fri, 8:00 AM - 5:30 PM, every second Fri off.
